

Contrary Wife

9 inches finished (9 ½ edge to edge)

What a wonderful party! The food has been delicious, the speeches amusing, the dancing divine, the setting absolutely perfect. A perfect send off for the new couple.

But...

Oh, oh – has Fin got a contrary wife?

Fin thinks it's time to go – but Ophelia wants to stay and party the night away! I guess it's time for a little 'discussion' in the corner. It's already late and time to start folding the tents

This block was known as Contrary Wife in 1941, but also Double Hour Glass (1933) and Road to California (1973).

Black - 4 – 3 ½ inch squares

Light Grey Print - 4- Half square triangles from 3 ½ inch strip with a Half Square Triangle or Easy Angle Ruler
or 2 - 3 7/8 inch squares cut diagonally once

White – 1 – 3 ½ inch square

4- Half square triangles from 3 ½ inch strip with a Half Square Triangle or Easy Angle Ruler
or 2 - 3 7/8 inch squares cut diagonally once

This block doesn't really need instructions.

Make four half square triangle blocks with the grey and white triangles.

Then lay out the squares as shown, and sew up the nine patch!
