

Film Strip - January 2024 - BOM
12.5" X 12.5" unfinished
Colour Theory - Multi Colour

I chose to pick 12 tone on tone/solids for my film strips/slides. My print matches all the colours in my 12 strips. My background is Colourworks Snow. Have fun picking out your slides and your print.

Material required:

- 2 - 3.5" X 3.5" White/Snow background for half square triangle (HST) corners of Wonky Star
- 2 - 3.5" X 3.5" Print for HST corners for Wonky Stars.
- 1 - 2.5" X 2.5" Print for center block of Wonky Star.

- 12 - 2.5" X 1.5" Tone on tone/solids for your strips.
- 24 - 1.5" X 2.5" White/Snow background fabric for strips.
- 12 - 1.5" X 3.5" White/Snow background fabric for strips.

4 - 2.5" X 2.5" White/Snow background of Wonky Star

8 - 2.5" X 2.5" Tone on tones/solids for points of Wonky Star

Instructions:

Use a Scant $\frac{1}{4}$ " seam allowance to sew together

Feel free to make whatever type of Star you want to go in the centre. Just make sure your centre measures 6.5" X 6.5" unfinished.

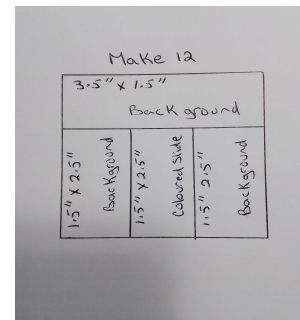

To make one filmstrip unit sew the white/snow background pieces (2.5" X 1.5") to both sides of your tone on tone/solid strips (2.5" X 1.5"). Press towards centre.

Now sew the top white/snow background strip (1.5" X 3.5") To finish the film strip unit.

True this unit to 3.5" X 3.5". Make 12 units. **See picture below far right.**

Make the Wonky Star block for the centre by following this tutorial. Use your 8 tone on tone/solids and 2.5" squares and 4 white/ snow 2.5" squares to make the 6.5" square.

<https://thesillyboodilly.blogspot.com/2009/02/wonky-star-tutorial.html>

Now to get the HST corners in the Wonky Star, use the 2- 3.5" x 3.5" Print fabric and the 2 - 3.5" x 3.5" White/ Snow background fabric. On the wrong side of the white/Snow squares draw a diagonal line. Put right sides together of white and print and sew $\frac{1}{4}$ " on either side of the line. Cut on the line to make 2 HST's. Repeat one more to make your 4 corners. Press to dark. True up to 2.5" X 2.5".

Assemble the Wonky Star center medallion and true up to 6.5" X 6.5".

Using the **reference picture above center** next to Wonky Star sew the top 4 strip units together. Sew the bottom 4 strip units together. Sew the 2 side strip units together then sew each side to the Wonky Star as show. Now Sew the three units together to complete your block. True up to 12.5" X 12.5 ".
