

BMQG February 2026 Block of the Month – Framed Pinwheel

12 1/2" Square unfinished

Fabric:

Light Green print

- 2 – 5 inch squares
- 4 - 2 ½ inch squares

Light to Medium Pink print

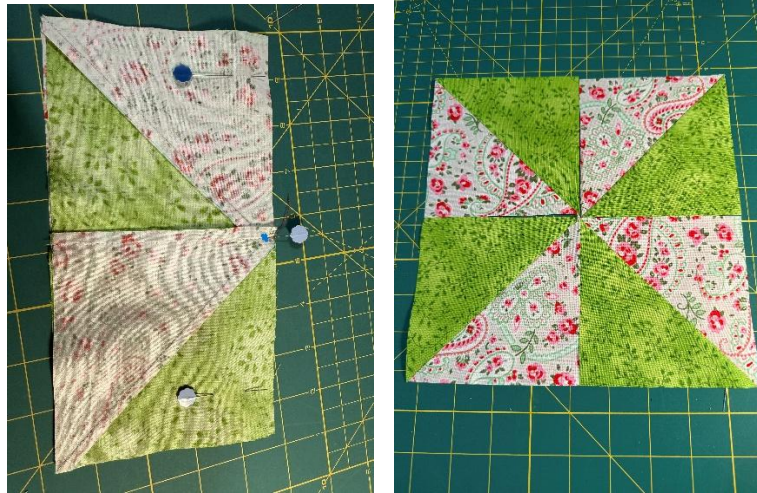

- 2 – 5 inch squares
- 4 – 2 ½ inch x 8 ½ inch rectangles

Instructions: Sew all seams a scant ¼ inch

1. Make the 4 half square triangles.
 - a. Line up one green and one pink 5 inch square, right sides together. Draw a diagonal line on the back of the pink 5" square.
 - b. Sew a quarter inch seam allowance on each side of the line you drew.
 - c. Cut the triangles in half along the line.

- d. Press the half square triangles seam towards the darker colored side.
 - e. Trim off the corners and square them up with a ruler. (Should be 4.5 inches square)
 - f. Repeat with remaining 5" squares.
2. Take 2 of the half square triangle and sew them right sides together for the top of the pinwheel – watch the direction of the triangles as the pink should be sewn to the green (not 2 pinks to each other). The segment should measure 8 ½ inches wide x 4 1/2 inches high).
 3. Sew the next two half square triangle side by side with the pink and green matching the diagram (should measure 4 ½ inches x 8 1/2 inches).
 4. Sew the top row of the pinwheel to the bottom segment as per the images, right sides together. Careful not to cut off the tips of the center – Tip – mark the point with a pen or pin if your seams are covered so you can see the point. This segment should measure 8 ½

inches square.

5. Sew a 2 ½ inch by 8 ½ inch rectangle to each side of the pinwheel square, right sides together.
6. Sew the remaining green 2 ½ inch squares to each end of two 2 ½ inch by 8 ½ inch rectangles. Sew a pink and green segment, right sides together, to the top and bottom of the pinwheel segment to complete the block.
7. Unfinished block should measure 12 ½" square.
